GREATER HUNTER MAKERS FESTIVAL

At the Glasshouse Newcastle
Jockey Club, Broadmeadow
Friday 11th and Saturday 12th
November 2016

The Vision of the Makers Festival is to showcase the Greater Hunter Region as a global centre of engineering and manufacturing excellence offering world-class people, customised products and services.

Benefits of Exhibiting

- Showcase your company's products, skills and capabilities to local, national and international audiences
- Be part of the showcase of the industry and innovation of the Greater Hunter as a Global Centre of Engineering Excellence
- Network with potential customers and suppliers
- Get in touch with emerging technologies, applications and talent.

Who can exhibit

- Innovative manufacturing and engineering companies
- Major construction companies
- Engineering technology companies
- Researchers, start-ups and incubators
- Industry organisations and Government agencies
- University, TAFE and STEM high schools
- Investors

Please also spread the word to your customers and suppliers who may be interested.

Targeted numbers

- Exhibitors = 70 (there is ample room for more)
- Business visitors - local, national and international = 1,000
- General Public visitors = 3,000

Cost

- \$770 inc GST per constructed booth measuring 3m x 2m.
- Additional inside open space 3m x 3m can be available for small machinery etc.
- There is also outside space available for large objects and demonstrations at a small additional cost.
- Not for profits and commercial start-ups, non-commercial start-ups \$166.
- Educational institutions will not incur a charge in exchange for providing interactive activities.
- Exhibitor Fee will include provision of some refreshments for the exhibitor's staff.
