MAKERS AND TECHNOLOGY FESTIVAL

+ HUNTER ELECTRIC VEHICLE SHOW

21st - 22nd
September 2018,

Jockey Club
Broadmeadow
Newcastle

The Vision of the Makers and Technology Festival is to showcase the Greater Hunter Region as a global centre of engineering and manufacturing excellence offering world-class people, customised products and services.

BENEFITS OF EXHIBITING

- > Showcase your company's products, skills and capabilities to local, national and international audiences
- > Be part of the showcase of the industry and innovation of the Greater Hunter as a Global Centre of Engineering Excellence
- > Network with potential customers and suppliers
- > Get in touch with emerging technologies, applications and talent.
- > A comprehensive marketing program has been developed to attract local and national business visitors.
- > Exposure on the Makers and Technology website www.makersfestival.com.au

WHO CAN EXHIBIT

- > Innovative manufacturing and engineering companies
- > Major construction companies
- > Engineering technology companies
- > Researchers, start-ups and incubators
- > Industry organisations and Government agencies
- > University, TAFE and STEM high schools
- > Investors
- > Electric Vehicle Show supporters
